FACILITIES

1. Construction Change Directive - Window and Door Replacement at Various Schools (Bid No. 2022-07)

Change Order Requests (CORs) are contract revisions that occur when there is an unforeseen condition, a construction code or fire code official request, or a request by the district. All CORs undergo detailed review and assessment by the Board's Architect/Engineer (District Professional) prior to any work commencing, which includes:

- Reviewing the scope of work identified in the CO and compare it to the construction documents. Is the scope already included in the documents?
- If it's included, the contractor is informed of where it is located and the CO is closed.
- If the scope is due to an unforeseen condition, or code official or district request, the District Professional ensures the scope is accurate and sufficient to execute on the identified work.
- Reviewing the proposed cost and any time extension requested.
- Ensuring the proposal includes a breakdown of material and labor and includes subcontractor quotes where applicable. Material cost breakdowns are required if not included.
- Ensuring the labor cost meets prevailing wage rates. The rates are identified by each county, which are researched for the trades involved. The number of proposed man-hours for the work are analyzed against the contractor's schedule and past project change order requests of similar scope.
- Analyze material costs against those in past project schedule of values to gauge an estimated unit cost for the specific item and in line with current market conditions.
- Following the completion of all due diligence and upon satisfaction that the COR is deemed complete and accurate, a recommendation is made to approve or reject the

COR.

Construction Change Directives (CCDs) are directives given to a contractor to require work to be performed without delay. Although there might not be a cost associated with a CCD, in cases where there is a cost, a detailed assessment is conducted as described above for CORs. Once CCD-related work costs are finalized and agreed upon by the parties, the CCD is converted to a CO representing the final costs of that work.

This change directive includes:
- M&M Construction shall proceed with work outlined in PCO #33D as reflected on Sketch SK1 Push Button Revisions dated 11/29/2023 and SK1.01 Electrical Door Lock Revisions dated 10/26/2023 Proposal cost was approved to proceed per Allowance Management #11 issued on April 22, 2024.

Project modifications are funded through the project-specific budget.

Recommendation: That Construction Change Directive No. 4 for Window and Door Replacements at Various Schools (Bid No. 2022-07) to M&M Construction Company, Inc., Cranford, NJ is approved effective June 7, 2024.

SUPERINTENDENT'S REPORT

"Good Evening:

The artwork on display in the Board Room this evening was created by students from Memorial Elementary School. The art teacher of these talented students is Margaret Sasso Cheryl Jones is the Principal.

The Hammarskjold 6th grade students went on the first Fairview trip of the year on Monday, April 15th. They had two great days of weather that allowed them to enjoy the outdoor activities. While at Fairview, students enjoyed stations where they engaged in row boating, limnology (freshwater ecology), archery, an ASE team building obstacle course, and the famous ridge hike. The windy weather made for challenging boating, but students applied their problem solving skills and persevered to master rowing their boats. Throughout the day students enjoyed frequent bald eagle sightings.

At night, the students enjoyed a campfire sing along experience and an entertaining animal show before heading to their cabins. I would like to thank the teacher coordinators who organized the trip as well as the teacher and parent chaperones who made the trip possible.

On Thursday, April 18th, school counselors Erik Kaplansky and Jessica Allen, along with the high school counseling department, organized a successful College and Career Fair

in partnership with the East Brunswick Education Foundation (EBEF).

Over 100 college representatives, trade school representatives, military recruiters and career professionals set up informational booths for students and parents to learn about post-secondary opportunities.

Representatives in attendance included Princeton University, Rutgers University, University of Chicago, Savannah College of Art & Design, East Brunswick Police, Salon Professional Academy and the National Guard to name a few. We were happy to see over 500 students and parents take advantage of this event.

The 4th grade students at Irwin Elementary School recently presented their Career Day Projects. Students researched a future career of their choice to create trifolds that included their career's responsibilities, tools used, and the impact their job has on the community.

In addition to their posters, students created resumes where they connected their individual skills and experiences to the expectations of their future careers. They also identified adults at school and home who could serve as references.

Finally, students researched common interview questions for their careers and prepared answers to them in the point of view of their current selves or themselves as future adults.

High School students in AP IPLE represented New Jersey in the national We the People competition in Washington D.C. Over twenty students, led by their teacher, Marc Mondry, participated in the event in which they presented arguments related to the U.S. Constitution, ranging from the importance of compromise in political debate, to the legacy of Brown v. Board and public education, to modern technology and its impact on privacy rights. Each group of students faced eight minutes of follow-up questions from a panel of experts, including politicians, professors, lawyers, and federal judges.
Final scores will be announced in the coming weeks.

Today was district-wide Bring Your Child to Work Day and it was a great success. Staff members with children ages 6-18 took this opportunity to bring their children to work. This opportunity allows children to see the important work their parents do in the East Brunswick Public Schools every day.

Thank you."

PRESENTATIONS AND/OR SPECIAL REPORTS

Mr. Chris Oh discussed take your child to work day, the senior staff variety show, the AP IPLE class competition in Washington, D.C., the concert band and wind ensemble concert in Roxbury, and students preparing for the upcoming AP exams.

PUBLIC HEARING

Public Hearing on the Fiscal Year 2025 School District Budget

Dr. Valeski began with remarking on the public forum held the previous evening and asking Mr. Giuliana to supplement a response regarding the collection of school taxes.

Mr. Giuliana reviewed the process for the collection of school taxes and provided an overview of an error occurring in 2022, which was presented and discussed at public board meeting at that time. The presentation is included in the minutes.

Mr. Giuliana proceeded with presenting the FY2025 School District Budget, first with reviewing facts regarding the District 1) in comparison to other districts throughout the state, 2) as an employer, and 3) as a "town within a town." He provided data pertainiong to the District operating a major transit system, being a major food service provider, and having responsibility for substantial properties. He also discussed the District's efforts at controlling costs and producing revenue that support programs and services, as well as the District's long-standing commitment to excellence in financial reporting.

Mr. Giuliana reviewed the budget development timeline details and the reduction in State Aid adversely impacting upon the FY2025 budget, which resulted from the State of New Jersey *"using a new way of calculating how much money east of the state's nearly 600 school districts should get from the state budget." (Katie Kausch | NJ Advance Media for NJ.com)* With regard to factors affecting State Aid, Mr. Giuliana delved into those and explained how increases in the Township's equalized property valuation and district income have directly resulted in the State Aid reduction. Additionally, Mr. Giuliana reviewed the local charter school's draw on District financial resources.

With regard to major cost impacts on the FY2025 budget, Mr. Giuliana discussed each of those and the process of identifying specific reductions, noting the inclusion of those as well as revisions having been incorporated into the budget being discussed at the public hearing, to arrive at a balanced budget. He also presented the tax levy increase and decrease pertaining to the General Fund and Debt Service Fund, respectively.

Finally, Mr. Giuliana closed with a *call to action,* providing the names and contact information for State Legislators and the Governor, urging the community to contact these individuals to make changes to the school funding formula.

The changes to the FY2025 budget made available to the public and the presentation are included in the minutes.

FACILITIES

1. Change Order - New RTUs at East Brunswick High School School (Bid No. 2022-20)

Change Order Requests (CORs) are contract revisions that occur when there is an unforeseen condition, a construction code or fire code official request, or a request by the district. All CORs undergo detailed review and assessment by the Board's Architect/Engineer (District Professional) prior to any work commencing, which includes:

- Reviewing the scope of work identified in the CO and compare it to the construction documents. Is the scope already included in the documents?
- If it's included, the contractor is informed of where it is located and the CO is closed.
- If the scope is due to an unforeseen condition, or code official or district request, the District Professional ensures the scope is accurate and sufficient to execute on the identified work.
- Reviewing the proposed cost and any time extension requested.

- Ensuring the proposal includes a breakdown of material and labor and includes subcontractor quotes where applicable. Material cost breakdowns are required if not included.
- Ensuring the labor cost meets prevailing wage rates. The rates are identified by each county, which are researched for the trades involved. The number of proposed man-hours for the work are analyzed against the contractor's schedule and past project change order requests of similar scope.
- Analyze material costs against those in past project schedule of values to gauge an estimated unit cost for the specific item and in line with current market conditions.
- Following the completion of all due diligence and upon satisfaction that the COR is deemed complete and accurate, a recommendation is made to approve or reject the COR.

Change Directives (CCDs) are directives given to a contractor to require work to be performed without delay. Although there might not be a cost associated with a CCD, in cases where there is a cost, a detailed assessment is conducted as described above for CORs. Once CCD-related work costs are finalized and agreed upon by the parties, the CCD is converted to a CO representing the final costs of that work.

This change order includes:
- Credit back to District for damage to Music Technology Equipment: ($2,100.00)

Project modifications are funded through the project-specific budget.

Recommendation: That Change Order No. 1 for New RTUs at East Brunswick High School (Bid No. 2022-20) to Hanna's Mechanical Contractors, Inc., Milltown, NJ is approved, decreasing the total contract from $2,769,000.00 to $2,766,900.00 effective April 26, 2024.

3. GMC Coaches Freshman Championship Track & Field Events
As a large school centrally located in New Jersey, EBHS has convenient accessibility from North, Central and South Jersey. With its brand new, state-of-the-art track facility, the school and the Township would be showcased through the meet. The GMC is in need of a complex such as ours to be able to adequately run large meets for GMC championships. These meets present an opportunity to create a yearly end of season meet where freshmen can finish their seasons in a competitive atmosphere outside of the limited capacity of GMC meets. The proposal here is for the district to host a county wide

GMC meet for freshman at East Brunswick High School. The track and field teams would benefit from promoting the sport within town and generating revenue from food sales for our booster club.

SUPERINTENDENT'S REPORT

"The artwork on display in the Board Room at the Administration Building was created by students from East Brunswick High School.

The art teachers of these talented students are Meghan Buckley, Lisa Gombas, Matilda Mato, Jeffrey Novak, Rachel Roman, Jonathan Scialabba. Glen Pazinko is the Interim Principal.

Irwin Elementary School was this year's Tree City USA recipient from the East Brunswick Recreation Department. To celebrate the event, a special program was held outdoors at the school's gazebo on Friday, April 26th.

Students sang songs and read poetry for the many guests and dignitaries who attended. Most students participated in a poster contest where they drew pictures depicting the importance of trees and conservancy in our world. Each student was provided a tree sapling, donated by Stop and Shop, to take home and plant to commemorate the event.

Nearly 100 Churchill Junior High School students were recognized for their hard work, kindness, and generosity at an annual celebration for the Butterfly Effect Kindness Project which took place on Monday, April 29th.

This project which was started by English teachers, Edith Weinstein and Kathy Merton, during the 2021-2022 school year has continued to grow and reach other schools in the district such as HUES where 71 kindness projects were completed this year.

Thanks to a partnership grant with the East Brunswick Education Foundation, students write a proposal for a kindness project and carry out their kindness initiative throughout the school year. Students have engaged in projects that have helped the school and community as well as local animal shelters, homeless shelters, and senior citizen homes to name a few.

In addition to the EBEF which has helped to fund grants for student projects, the Churchill PTA, and East Brunswick Education Association have partnered to help recognize the efforts of our students to spread kindness and assistance to those who are in need.

During the month of March our school district took part in the Middlesex County REPLENISH Food Drive. We had 100 percent participation from all 11 schools including our Administration Building.

East Brunswick Public Schools ranked among the top 12 schools across the county and will be recognized by the Board of County Commissioners.

The East Brunswick Schools Outdoor Spring Art Walk at the township Municipal Complex begins Friday, May 10th.

This year, we have decided to incorporate an "Opening Evening" where all families have been invited to join any time from 6:30 - 7:30 pm again that is tomorrow, Friday, May 10th. Many of the Visual Art staff will be in attendance and student music compositions will be streaming live through speakers on the grounds.

The outdoor Spring Art Walk will be on display from Friday, May 10th through Friday, June 7th.

In my tenure as the leader of East Brunswick Public Schools, I have remained steadfast in my commitment to fostering a positive and enriching learning environment for all students. While social media can be a powerful tool for communication, it unfortunately also has the potential to spread misinformation and misconceptions.

It's important to recognize that misinformation on social media can sometimes arise from misunderstandings or incomplete information. In such instances, I have always been open to engaging with members of the community to provide clarity and address any concerns they may have.

As the head of the school district, I take great care in making decisions that prioritize the well-being and success of our students, faculty, and staff. Every decision is made with careful consideration and major decisions are made in consultation with any number of Board Committees, then the entire Board.

The decisions I make…the recommendations I make to the Board of Education, are always up for debate. My responsibility and authority under laws of NJ is to make those difficult decisions. What we can no longer debate is the impact of the full application of the NJ public school funding formula on our school district.

Individuals have shared posts with me from social media, precipitated by our budget forum, followed by our budget hearing.

There is a saying…If you want to run with the big dogs, you need to get off the porch. I guess it's easier to pound away on the keyboard at home than to pick up the phone or have a face-to-face discussion.

The true facts of every single item or issue I have seen posted are available for the public to see…they just never make it to the forum of public opinion because it negates the intentional creation of chaos.

Since some in this community have adopted the "let's throw everything at the wall and see what sticks" mentality, I'll provide factual clarity, but I am disappointed that I even need to do this

Regarding Security: The Director of Security reports to me. You can see our organizational chart on our website under Board policies.

Regarding bonuses: I do not receive bonuses. Mr. Giuliana does not receive bonuses. Mr. Crotchfelt does not receive bonuses. No one in our Support Operations receives any bonuses.

Regarding Mr. Giuliana's title: The district is permitted to title the Business Administrator as an Assistant Superintendent. Mr. Giuliana's title came with no pay increase. It was the Board's unanimous acknowledgement of his many contributions to the district.

Regarding consulting: My contract states, *"To devote the Superintendent's full time, skills, labor and attention to his employment during the term of this Contract; and further agrees not to undertake consultative work, speaking engagements, writing, lecturing or other professional duties for compensation without written permission from the board."* I don't do contracting or consulting work. I do maintain an inactive Limited Liability Company for my future endeavors.

Regarding statements that I work virtually, a lot: My contract states, *"The Board recognizes that the demands of the Superintendent's position require him to work long and irregular hours and occasionally may require that he attend to district business outside of the district."*

My workdays are consistently 12-14 hours long, not including weekend events, and I have had plenty of occasions over the past 10 years when I have not gotten home until 1-2 AM the next morning. There have been plenty of times when I scheduled a vacation day or had to use a sick day that got preempted by some critical issue related to the district. So, I engaged in work and that was virtual…guilty as charged.

Regarding that I misrepresented myself and I'm not a veteran: I am. United States Air Force, 1977-1981.

Regarding our relationship: I am not resigning. My current contract expires on June 30, 2027. Ultimately, I stand on my integrity…I know who I am.

I am proud of the progress we have made as a district under my leadership for the past 10 years and I remain fully dedicated to serving the best interests of the entire East Brunswick community.

I know, as Superintendent, accountability ends with me. My words tonight are to get on the public record …I'm available to intelligently discuss any issues.

I simply ask the EB community to look at the totality of my past decade and judge me on that…not on baseless accusations and assaults on my character.

These "social media marauders"© only have a voice if the greater community gives it to them. If a tree falls in the woods and no one is there to hear it, does it make a sound?

Another school year is about to end. With so many student successes, we need to get back to celebrating them!

Thank you."

Intern Affiliation Agreement
Between
KEAN UNIVERSITY
and
East Brunswick Public Schools

THIS AGREEMENT is entered into as of the 31st day of May 2024 by and between KEAN UNIVERSITY, having an address at 1000 Morris Avenue, Union, New Jersey 07083 (hereinafter referred to as "University") and East Brunswick Public Schools, having an address at 760 Route 18, East Brunswick, NJ 08816 (hereinafter referred to as "District").

WHEREAS, the University wishes to collaborate with District in planning placement opportunities for the University students as Clinical Interns at the District schools; and

WHEREAS, the District is willing to make its schools available for the Clinical experience of the University's students; and

WHEREAS, both the University and the District also agree that Clinical II students, who have the required credential as a Substitute Teacher, may be provided the opportunity to teach at the District school in the absence of their cooperating teacher for monetary compensation;

NOW THEREFORE in consideration of the mutual promises hereinafter contained, the District and University agree as follows:

1**. Term.** This Agreement shall be in effect for a period of three (3) years commencing on May 31, 2024 and expiring on June 1, 2027. The Agreement may be extended upon written mutual consent of the parties.

2. **Termination.**

A. At any time during the term of this Agreement, the parties may terminate this Agreement upon giving notice to the other party.

B. In the event of a breach of any provision of this Agreement by one party, the other party shall have the right and option to give the breaching party notice thereof and, in the event the breaching party fails to remedy the breach within thirty (30) days of the receipt of such written notice, the other party may, at its sole option, terminate this Agreement.

C. If the District exercises its right to terminate this Agreement, the District agrees that no University student participating in an ongoing clinical learning experience program will be denied the opportunity to complete the program, even when the effective date of termination occurs prior to the completion date of the program.

3. **University Responsibilities.** The University shall use best efforts to:

A. Provide information to the District regarding the types of experiences, the number of interns, and the dates and times requested for clinical experiences as well as implement the requirements.
B. Enforce rules and regulations governing University students and/or interns.
C. Instruct its faculty members and students to abide by the rules, regulations, and requirements of the District and University.
D. Withdraw any student from the placement at the request of the District for sufficient cause, subject to applicable statutes and University policies.
E. Assume responsibility for the evaluation of students, and of courses previously taken, to determine the applicability for degree and/or certification recommendations.

4. **District Responsibilities.** The District agrees to:

A. Make schools available or any related facilities agreed upon for the learning experience through the practicum/internship courses under the supervision of the University.
B. Designate an on-site supervisor to coordinate as liaison with the University's designee.
C. Permit, upon reasonable request, the review of the site and related facilities by agencies charged with the responsibility for accreditation of the University.

5. **Status of University Students.** The students assigned to the District shall not be considered employees of the District. As such, the District shall have no obligation to pay monetary compensation or benefits to the assigned students.

6. **Protection of District Students.** All individuals from the University who will be at the District, under this Agreement, shall have been fingerprinted by the state and should have no criminal history. The University shall ensure, at its own expense, that each worker and/or individual that may be assigned to a project involving contact with children or that may be assigned to a contract school location has had a criminal history background check, and that said background check indicates that no criminal history record information exists on file in either the Identification Division of the Federal Bureau of Investigation or the State Bureau of Investigation which would disqualify said employee from employment pursuant to N.J.S.A. 18A:6-7.1 et seq. The University must ensure that said proof exists no at least 30 days prior to the commencement of the internship. The services under this Agreement shall not begin or proceed until the University complies with the requirements of this section. Failure to ensure a background check or failure to provide proof of a criminal history background check(s) upon request shall be deemed a material breach of this Agreement and as such, serves as a basis for the District to immediately terminate this Agreement

7. **Policies and Procedures.** The University and the District agree to comply with the policies set forth in the University's *Supervisor's Manual* that delineate the responsibilities of students, University instructors and District school on-site supervisors.

8. **Insurance.** Insurance requirements for Kean and District are as follows:

A. University. University is a public higher education institution in the State of New Jersey. As such, this Agreement hereby expressly incorporates the following Statement of Public Liability Insurance: Any agreement or arrangement signed and entered into on behalf of the State of New Jersey by a State official or employee shall be subject to the provisions of the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq. and the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 et seq. and the availability of appropriations. The State of New Jersey does not carry public liability insurance, but the liability of the State and the obligations of the State to be responsible for tort claims against its employees are covered under the terms and conditions of the New Jersey Tort Claims Act. The Act also creates a special self-insurance fund and provides for payment of claims against the State of New Jersey or against its employees whom the State is obligated to indemnify against tort claims which arise out of the performance of their duties. Claims against the State of New Jersey or its employees arising out of the use of the District's premises should be referred for handling to the Attorney General, Division of Law, Claims
Service Section, Richard J. Hughes Justice Complex, Trenton, New Jersey 08625. Furthermore, the State of New Jersey self funds for Workers Compensation and Disability.

B. District. If District elects to obtain an insurance policy, such policy shall protect the institution, its officers, employees, students, staff and agents with limits of not less than $1,000,000 with respect to injury or death of any one person and not less than $3,000,000 in the aggregate.

9. **Mutual Cooperation.** This Agreement is meant to reflect an evolving professional relationship between the University and the District. Therefore, it must be premised upon continuous assessment of the activities and services with the responsibility of articulation residing with the respective liaison persons. In addition, quarterly meetings between representatives of the University and representatives of the District will be held to discuss problems and make necessary revisions to meet changing conditions.

10. **Independent Contractor Status.** Both District and University are independent contractors. It is not intended that an employer/employee, joint venture, or partnership agreement be established hereby expressly or by implication between District and University. Each of the parties to this Agreement shall continue to be autonomous and shall be governed independently by their respective governing boards and administrations. Neither party hereto, nor their respective employees, shall be construed to be the agent, employees or representative of the other.

11. **Confidentiality.** Both University and District shall at all times comply with standards of documentation and confidentiality mandated by state and federal laws and regulations, as same may be modified and amended from time to time.

12. **No Discrimination.** The University and District mutually agree that no students shall be discriminated against on the basis of race, color, sex/gender, creed, age, national origin, nationality, ancestry, pregnancy, marital status, civil union status, domestic partnership status, familial status, religion, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for service in the Armed Forces of the United States, or disability for the purposes of this Agreement. 13. **No Waiver.** The waiver or failure of either party to exercise any right provided for herein shall not be deemed a waiver of any further right hereunder.

14. **Entire Agreement.** This Agreement supersedes any and all other agreements, either oral or in writing, between the parties with respect to the services of District or University, and this Agreement contains all the covenants and agreements between the parties with respect to this student teaching affiliation agreement. The parties agree that no oral representations or written representations, other than contained herein, were relied on by the parties, or form additional terms of this Agreement.

15. **Modification.** District or University may from time to time request changes to the terms in this Agreement. Such changes shall be valid only if incorporated as a written amendment to this Agreement.

16. **Assignability.** The duties and obligations of each of the parties hereto shall be deemed personal and unique. This Agreement and the duties and obligations of the parties hereunder shall not be assigned to any other person, firm or corporation without the prior written consent of the other party.

17. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of New Jersey, including without limitation, the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq., and the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 et seq. East Brunswick Public Schools

Mentoring Plan

2024-2025

Excellence in Academics, Athletics, and the Arts

OVERVIEW

Since 2001, East Brunswick Public Schools has established a highly successful mentoring and induction program, adhering to the guidelines provided by the State Department of Education (N.J.A.C. 6:11-14.4). Furthermore, the district utilizes a Teacher Evaluation Program rooted in the principles delineated in Charlotte Danielson's "Enhancing Professional Practice – A Framework for Teaching."

PARAMETERS OF DISTRICT MENTORING PROGRAM

The mentoring plan for novice teachers includes:

A comprehensive three-day orientation program covering various aspects such as curriculum, assessment, parent communication, classroom management, teacher evaluation, security protocols, and instructional technology before the school year begins (Appendix A).
Ongoing teacher induction meetings to reinforce orientation concepts (Appendix B).
Monthly faculty meetings featuring targeted professional development.
Monthly department or curriculum meetings emphasizing collaboration and student achievement.
After-school professional development sessions are available to all staff.
A minimum of three formal observations by administrators.
Informal walk-throughs by administrators throughout the school year.
Opportunities for novice teachers and mentors to observe each other and discuss observations.

MENTOR TRAINING

Mentors are promptly identified after a teacher is hired, with input from principals and other administrators. Selection criteria include:

- Exemplary command of content area knowledge and pedagogy.
- Experience and certification in the subject area taught by the novice teacher, where feasible.
- Familiarity with district and community norms.
- Knowledge of district resources and ability to serve as a referral source.
- Selected mentors must complete a training program before the school year starts, covering expectations, responsibilities, and strategies for supporting novice teachers (Appendix C). Mentors maintain logs of all interactions with novice teachers (Appendix D).

ROLES AND RESPONSIBILITIES

All members of the educational community are responsible for supporting new teachers by:

- Ensuring a strong start to the school year through the provision of time, resources, and support, with involvement from various stakeholders such as the school board, superintendent, district office staff, school-based administration, teaching staff, clerical staff, and custodial staff.
- Providing necessary information and support, and identifying and delivering instructional, professional, personal, and logistical support in a timely manner.

FUNDING RESOURCES

To support the mentoring program, funds are allocated for:

- Stipends for summer staff development and mentor training.
